Jan. 7, Mill Creek's *Domino Revival*

When was the last time you went to the movies at the local multiplex and the audience stood up and prayed together?

That's exactly what happened in theatres nationwide on Tuesday night, October 24, 2023. This was the Fathom Event showcase of writer/director Mike Signorelli's *The Domino Revival*... audience members were all

there by word of mouth. The film generated an impressive Tuesday night box office tally of \$572,772.

Revival Page 24

Arrow's 4K For *Alice*, *Sweet Alice*, Feb. 11

Arrow Video, with domestic sales and distribution support provided by MVD Entertainment Group, has a new 4K film restoration (from the original camera negative) of writer, director and producer Alfred Sole's 1977 horror (an American production with distinct *giallo* overtones) entry, *Alice, Sweet Alice*.

The newly minted 4K Ultra HD release will be available on Feb. 11.

As with so many independent film productions during the 1950s, 60s and 70s, where theatrical and

Fun City's Racing With The Moon

Fun City Editions, with sales and distribution expertise provided by MVD Entertainment Group, has a new 4K film restoration (from the original 35mm camera negative) of director Richard Benjamin's 1984 film release of *Racing with the Moon*.

The Blu-ray will be available on Feb. 11.

The script from Steven Kloves (*The Fabulous Baker Boys*, *Wonder Boys* ... and eight Harry Potter film script adaptations) was his first and it was only element in place (as early as 1981/1982)—long before discussions about who would direct or star in the film. However, when studio heads are hired and fired the projects in the pipeline tend to go into "turnaround." That is an industry turn for "limbo," which was the case with Kloves' script ... in limbo, not once but twice!

The third time was the charm for *Racing With the Moon* as it landed at Paramount during its *Footloose*/*Flashdance* period, which featured a focus on young actors in the early stages of their careers coupled with

Bayview's Aware Of The Wolf, Dec. 31

Self help, serial killings and werewolves?

What an interesting mix. That's exactly what Bayview Entertainment is serving up on Dec. 31 with the Blu-ray debut of award-winning writer / director Joshua Nelson's *Aware of the Wolf*.

We are introduced to self-help guru Terry (Tony Murphy — *The Things We Cannot Change*) and his clients at his "Terry's Transformations" group encounter meetings. Meek and abused ... weak-willed losers one and all, but Terry is a motivational force and he teaches them to get in touch with their inner "wolf."

Warner's Juror #2 Arrives On Jan. 21

Clint Eastwood and Warner Bros. have been in something of a filmmaking and distribution partnership for going on fifty years. The *auteur* filmmaker of legend, Clint Eastwood, who learned the trade from his mentor director Don Siegel — on time, under budget and commercial — delivered the studio hit after hit over the years.

So it came as something of a surprise when his latest film, *Juror No. 2*, was delegated to made-for-cable status. What? An Eastwood film ... stream-able,

but not theatrical!!

When the word got out that *Juror No. 2* was being sacrificed to the streaming pit of doom on MAX, the blog-o-sphere erupted in amazement ... as a result of the blowback, the studio reluctantly found something like 38 screens to release the film theatrically (limited) on Nov. 1 (in the "dead zone" before the Thanksgiving

See *Eastwood* Page 20

Sony's Venom: The Last Dance, Jan. 21

Sony Pictures Home Entertainment has selected Jan. 21 as the street date for the full-spread physical media launch of director Tom Hardy's *Venom: The Last Dance*.

The ARR comes in at 88 days and the domestic box office haul was \$139.2 million.

The premium VOD launch is Dec. 10, which gives the "Helper" community six weeks to peddle their own Blu-ray editions of *Venom: The Last Dance* to unsuspecting genre fans and physical media consumers in general.

As for SKU configuration, the DVD and Blu-ray editions will be stand-alone, while the 4K Ultra HD arrives as a Combo Pack product offering (with Blu-ray).

Bonus goodies include deleted and extended scenes, a blooper reel, outtakes, the Tom Morello and Grandson music video ("One Last Dance") and five featurettes — "Venom's Inner Circle," "Venom Unleashed: The Action & Stunts," "Selected Scenes PreVis," "Savor the Last Bite: The Venom Legacy" and "Brock Bottoms: Mr. Chen Interview."

Wolf Continued

Meanwhile, detectives Wagner (Suzanne Johnson — *The Things We Cannot Change, Menopause*) and Sanchez (Guillermo Arias) are investigating a series of gruesome murders — remains scattered here and there in the woods. Perhaps a serial killer on the loose ... or maybe some rogue carnivore run amok (bear, mountain lion, wolf ... pick one).

The question is, are Terry's clients part of a victim pool who are destined to end up torn to pieces in those spooky woods? Or, could they be the "serial killer(s)" disposing of their respective tormentors?

Of course there's no such thing as a werewolf, right? That can't be the answer!!

Catch the Blu-ray debut of *Aware of the Wolf* from Bayview Entertainment on New Year's Eve to discover the truth. Are clients of "Terry's Transformations" just lambs to the slaughter or, dare we say it, a happy group of self-help clients killers who have found their "inner wolf?"

ORIGINAL 35MM ARCHIVAL ELEMENTS

NIGHT OF THE BLOOD BEAST

With a NEW HD PRINT of

ATTACK OF THE GIANT LEECHES

**NO ONE IS SAFE WHILE THESE GROTESQUE
HORRORS ROAM THE LAND!**

Executive producer Roger Corman unleashes hideous aqua beasts and horrors from outer space in two of his most memorable thrillers. A mutant stalks the Earth when the body of a dead astronaut is used as an alien incubator in *Night of the Blood Beast* (1959). Equally revolting is *Attack of the Giant Leeches* (1958), which stars B-movie siren Yvette Vickers (*Attack of the 50-Foot Woman*) in a watery scare fest about massive, bloodsucking monsters. The two features were directed by Bernard Kowalski who went on to be Emmy-nominated for his television work, but they are truly representative of Corman's world: cheap, tasteless, and extraordinarily fun!

BONUS FEATURES

- TV (1.37:1) format of *Night of the Blood Beast*
- 8mm silent digest version of *Night of the Blood Beast*
- Feature-length commentary tracks by Tom Weaver and 'The Weaver Players' for both films
- *Mystery Science Theater 3000* episodes featuring *Night of the Blood Beast* and *Attack of the Giant Leeches*
- *Born From T.V.: Bernard Kowalski as a Director*, a new featurette from Ballyhoo Motion Pictures with film historian/screenwriter C. Courtney Joyner and audio readings by Andrew Fenady, Jr.
- *Night of the Blood Beast* & *Attack of the Giant Leeches* publicity & still slideshow courtesy of Mike Barnum, and a Yvette Vickers slideshow courtesy of Tom Weaver
- Full-color booklet insert with original essays by Tom Weaver
- Re-cut trailers for both films using restored elements
- Film restoration comparison for *Night of the Blood Beast*

BLU-RAY \$29.95
DVD \$19.95

LET THE SUNSHINE IN!

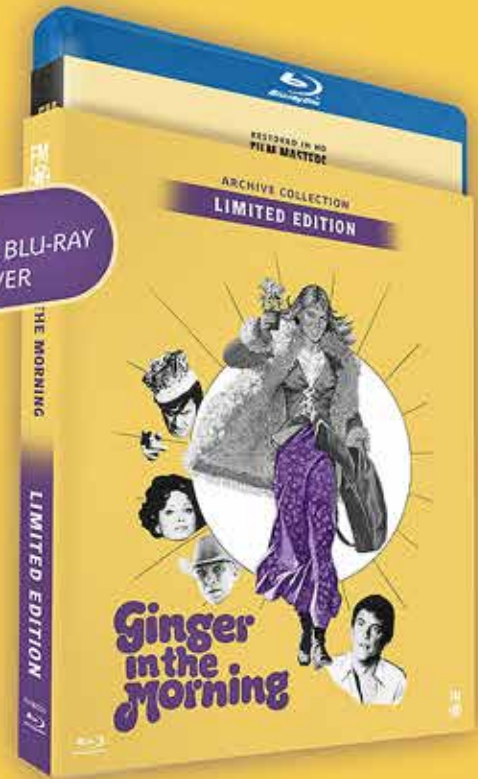

ARCHIVE COLLECTION
LIMITED EDITION

Ginger in the Morning

A free-spirited young hitchhiker befriends a middle-aged man in this lighthearted charmer. Sissy Spacek, in between her star turns in *Badlands* and *Carrie*, plays the title role, and is joined by such stars as Monte Markham, Mark Miller, and Fred Ward. The movie has a great early seventies feel, and may make you yearn for the days when picking up hitchhikers was an everyday thing!

\$23.99
LIMITED PRESSED BLU-RAY
IN SLIP COVER

INCLUDES:

REMEMBERING GINGER IN THE MORNING:

DVD Release Trends: 2022 - 2024*

* Two year period (104 weeks) ending November 15, 2024

Eastwood Continued rollout of Oscar-contenders).

Those who were lucky enough to catch the film theatrically gave it a 90% rating (Rotten Tomatoes) and an amalgamation of critics agreed with an average 94% rating. In other words, *Juror No. 2* is commercial (Eastwood hasn't lost his touch despite being 94 years old ... and of course *Juror No. 2* was on time (debuting at the AFI Fest) and likely under budget (the Don Siegel school of filmmaking).

It's not for us, mere mortals, to question the studio's decision, just to report on what took place.

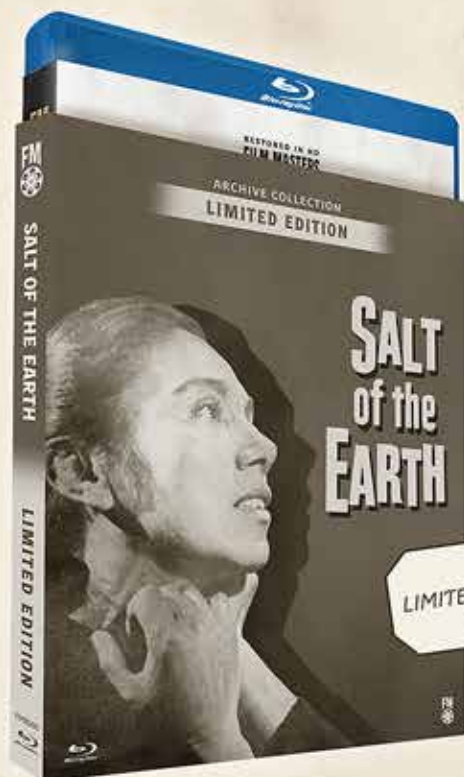

The physical media launch will be on Feb. 4 as both DVD and Blu-ray product offerings (no 4K Ultra HD in the mix at this time).

For the record, the ARR works out to 95 days and the estimated box office take from the film's limited run is \$270,000 (Warner has declined to provide box office totals).

The VOD window is Dec. 3, which means that the "Helper" community gets nine full weeks to distribute their own Blu-ray editions as a result of the quick streaming window (the format of choice by pirates for its capacity ... HD has nothing to do with it).

As to bonus features for the physical media launch on Feb. 4 from Warner Bros. Discovery Home Entertainment ... nothing. No making-of featurette, no behind-the-scenes, no commentary, deleted scenes nada ... just the movie!

SALT of the EARTH

DIRECTED BY HERBERT BIBERMAN OF THE
BLACKLISTED HOLLYWOOD TEN

AT LAST — AN HONEST MOVIE ABOUT WORKING AMERICAN PEOPLE

Salt of the Earth centers on a long, difficult workers' strike against a mining company in New Mexico. Ramón Quintero (Juan Chacón) fights for equity of wages as well as health and safety issues, but at home he mistreats his wife, Esperanza. When the men are forced to end their picketing, Esperanza joins the other women who demand to play a role in the strike, against their husbands' wishes. Written, directed, and produced by members of the original blacklisted "Hollywood Ten," *Salt of the Earth* is a powerful, persuasive drama that educates and inspires.

INCLUDES:

Feature-length commentary by C. Courtney Joyner,
Mark Legan, and Phoebe Sutton

Liner notes by Susan King

Revival Continued

The audience reaction, joy and feeling of community in the power of Jesus Christ was so strong that an almost unheard of encore screening took place two weeks later, bringing the combined box office to \$851,398.

Mill Creek Entertainment announced this past week that Mike Signorelli's incredible film experience about redemption, faith and the healing power of prayer will be available for all to enjoy on DVD this coming Jan. 7.

For the record, the ARR (from its initial theatrical debut to its arrival on DVD) for *The Domino Revival* works out to 438 days.

**Alice Continued**

television broadcast (think: MOW) were the only options, *Alice, Sweet Alice* had only a limited number of 35mm prints struck (something on the order of 75 to 100 prints initially).

These were then "bicycled" around the country from market to market, which meant staggered openings. For example, the film opened in Nov. of 1977, but didn't reach the Los Angeles area (and the view of the Hollywood trade press) until May of 1978.

In fact, it may not even have found play dates in the Los Angeles market except for the fact that something had changed to give it more commercial appeal! When the film began production in the summer of 1975, a nine-year-old cast member by the name of Brooke Shields (who plays Karen Spages and is murdered early in the proceedings) made her film debut.

In April of 1978, she was suddenly the topic of discussion, both in the trade press and in the media in general, for her starring role (opposite Keith Carradine and Susan Sarandon) in director Louis Malle's *Pretty Baby*.

And, as with many indie films looking for a home, *Alice, Sweet Alice* was released initially (film festivals and overseas) as *Communion*, and then remarketed in 1981 with Brooke Shields in a starring role (oh, please) as *Holy Terror*.

Arrow Video has all three viewing options available with this 4K Ultra HD release (sweet)!

The focus of the film is not on Brooke Shields, she's the victim of a grisly murder. Rather her sister, Alice (played by Paula Sheppard—*Liquid Sky*), is the chief suspect in her sister Karen's apparent "ritual" murder ... and there is good reason to believe Alice might indeed be the deranged killer. Sorry, no spoilers here ... we will just say that little Karen is just the first in a series of killings (and there is nifty twist at the film's conclusion).

As to bonus features, there are two commentary options. The first is an archival commentary teaming filmmaker Alfred Sole with editor M. Edward Salier (*Silent Scream*), while the second is newly created and features TCM programmer Richard Harland Smith.

Additional bonus goodies include deleted scenes, a split-screen version comparison and five featurettes — "First Communion," "Alice on My Mind," "In the Name of the Father," "Sweet Memories" and "Lost Childhood: The Locations of Alice, Sweet Alice."

*2024 data includes scheduled releases.

Asset Rollover Rate* • Results Through: 11/15/24

ARR* Average Trends - Two-Year Moving Window (104 Weeks)

* ARR averages measure the number of days between a film's theatrical launch and its subsequent arrival on DVD and Blu-ray. Only New Theatrical films with a box office tally of \$25 million or great are include in the ARR calculations. Seasonal films (Christmas-themed) are excluded. .

The ARR (Asset Rollover Rate) measures the length of time (in days) between a motion picture's initial theatrical release and its debut in the DVD market. Only those films released beginning in January of 1997 are included in the grid. Box Office performance and release dates have been compiled from Daily Variety and Hollywood Reporter charts published each week.
